

## Day One

0830-0900 II Introductory Ceremony II Room : Hall of Fame

0900-1030 II Plenary Session One II Room : Hall of Fame

Session Title: Community based Prevention of NCDs, Injury and Communicable Diseases

Theme: Urban Health Care and Public Health Service Provision Across the Life Course

Chair: Md. Shamim Hayder Talukder, Founder and CEO, Eminence

1. Akhter Hussain, University of Oslo, Faculty of Medicine, Institute of Health and Society, Department of International Health, Norway  
*Impact of NCDs in Developing Countries*
2. Oommen George, Abts Associates, USA  
*Engaging Urban Slum Communities for Prevention of Chronic Diseases*
3. Elena Rios, National Hispanic Medical Association. USA  
*Reducing Early Childhood Obesity among Hispanics*

1030-1100 II Tea Break

1100-1230 II Inaugural Ceremony II Room : Hall of Fame

1230-1330 II Lunch Break

1330-1500 II Breakout Session 1 II Room : Hall of Fame

Session Title: Reproductive Health and Family Planning: Documenting the Effects of Risk Factors

Session Theme: Reproductive Health And Family Planning

1. Drug Resistance among Women Attending Antenatal Clinics in Ghana – Philip Enyan, Ghana National Ambulance Service, Ghana.
2. Risk of Under-Five Mortality Associated With Use of Solid Fuel Among Urban-Rural Pakistani Households – Sidra Zaheer, School of Public Health, Pakistan
3. Spousal Violence Hinging On Intergenerational Transfer of Attitudinal Acceptance of Violence Among Urban Pakistani Women– Syeda Kanwal Aslam, Dow University of Health Sciences, Pakistan
4. Risk Factors Associated With Low Birth Weight Babies In Eastern Nepal – Birendra K. Yadav, B P Koirala Institute of Health Sciences, Nepal
5. Violence From Law Enforcement Authorities and Sexual Risk Among Hijra Sex Workers: Qualitative Study Findings From Urban Karachi Pakistan – Muslima Ejaz, Aga Khan University Hospital Karachi, Pakistan

1330-1500 II Breakout Session 2 II Room : Carnival

Session Title: Innovative Programs & Services for HIV and TB

Session Theme: Urban Health Care and Public Health Service provision

1. Factors mitigating access to HIV treatment, prevention and care services among urban poor in Benue State, Nigeria: lessons from AIDS healthcare foundation impact – Abiazem Greg, AIDS Healthcare Foundation, Nigeria.
2. Integration of family planning services into HIV care and Immunization in Nigeria: using referral model – Moyosola Bamidele, Nigerian Urban Reproductive Health Initiative, Nigeria
3. Bangladesh Using peer approach to increase TB case detection – Mamunur Rahman, Bangladesh Center for Communication Programs (BCCP)
4. Providing integrated STI/HIV services to sex workers and men who have sex with men using the drop in service center service model in Mombasa, Kenya – Alvaro Garcia Cordova, Pathfinder International
5. Getting outside the box: Designing and implementing innovative ways to prevent infection – Susan Newcomer NICHD/NIH, USA

1330-1500 II Breakout Session 3 II Room : Executive Lounge

Session Title: NCD Prevention and Control

Session Theme: Urban Health Care and Public Health Service Provision

1. Association between lifestyle factors and prevalence of diabetes in selected BRICS countries: Evidence from SAGE data – Anita Pal, International Institute for Population Sciences, India
2. Contextualizing Hypertension and its Care Pathways in Mumbai, India – Manas Ranjan Pradhan, International Institute for Population Sciences (IIPS), India

3. Community Based Integrated Approach for Managing Blood Pressure: Findings from a Five-Year Prospective Cohort Study in Urban Bangladesh – Mehedi Hasan, Eminence Associate for Social Development, Bangladesh
4. Urban Environment and Occupational Health Degradation in Asia's Biggest Readymade Garment Market and its Hinterland – Vinod Shakya, Jamia Millia Islamia, India.
5. Community Based Prevention of NCD's at the Urban Slums of Pune (Maharashtra), India by Organizing Urban Health and Nutrition Days – Rashmi Shirhatti, Plan India, India

1330-1500 II Special Session 1 II Room : Media Bazar

Session Title: History, Practice and Future of Menstrual Regulation

Session Theme: Urban Health Care and Public Health Service Provision

Chair: Kamrul Hasan Khan, Vice Chancellor. Bangabandhu Sheikh Mujib Medical University (BSMMU)

Co-Chair: Latifa Shamsuddin, Immediate Past President, The Obstetrical and Gynecological Society of Bangladesh

Sponsor: Embassy of Sweden and Embassy of Netherlands

1. Evolution of Menstrual Regulation (MR) Programme in Bangladesh, BAPSA
2. The Hard Facts of Menstrual Regulation (MR), ICDDR,B
3. Socio-Cultural Aspects and women's Perceptions on Menstrual Regulation in Bangladesh: Qualitative Findings , ICDDR,B
4. Training of Health Service Providers on MR Through PPP with the Government , RHSTEP
5. Expanding Choices to Safe MR Services in Bangladesh: Research Findings, Marie Stopes BD
6. Introducing MRM in Bangladesh and Future Challenges, IPAS

1330-1500 II Special Session 2 II Room : Windy Town

Session Title: Bridging between WASH and Nutrition in Urban Cities of Bangladesh

Session Theme: Urban Health Care and Public Health Service Provision

Chair: Md. Sharfuddin Ahmed. Dean. Faculty of Preventive and Social Medicine. Bangabandhu Sheikh Mujib Medical University,

Co-Chair: Shehline Ahmed, Health and Population Advisor, DFID, Bangladesh.

Sponsor: WaterAid Bangladesh

1. Menstruation and Menarche – Sharukh Mirza, Programme Officer– Organizational Learning, WaterAid, Bangladesh
2. Health Justice for the Urban Poor–What has Data Got To Do with It – Timeyin Uwejamomere, Technical Support Manager– Urban, Programme Support Unit, WaterAid, UK
3. Sanitation: The Neglected Siamese Twin of Water in Achieving the Millennium Development Goals (MDGs) in Ghana – Simon Mariwah, Senior Lecturer, University of Cape Coast, Ghana

1330-1500 II Special Session 3 II Room : Harmony

Session Title: Reducing Intra-urban Inequities in Health: Findings from 2006 and 2013 Bangladesh Urban Health Surveys

Session Theme: Strengthening Governance For Urban Health

Sponsor: USAID/DfID

1. Peter Kim Streatfield, International Centre for Diarrheal Diseases Research, Bangladesh
2. Shams El Arifeen, International Centre for Diarrheal Diseases Research, Bangladesh
3. Karar Zunaid Ahsan, MEASURE Evaluation, University of North Carolina at Chapel Hill, Bangladesh
4. Kanta Jamil, USAID, Bangladesh

1500-1630 II Plenary Session Two II Room : Hall of Fame

Session Title: Built and Natural Environmental Determinants of Health

Theme: Socioeconomic and Environmental Determinants of Urban Health and Health Inequities

Chair: Anthony Kolb, Urban Health Advisor, USAID, Washington DC

1. Jose Siri, Research Fellow in Urban Health, UNU-IIGH  
*Promoting Health in the HABITAT III Process*
2. Puneet Mital, Regional Manager– Asia Pacific & Middle East, U.S. Green Building Council, India.  
*Leadership in Energy & Environment Design (LEED)*
3. Jo Boufford, President, NYAM  
*Age Friendly New York City*
4. Brig. General Shamsul Islam, Chairman, Khulna Development Authority, Bangladesh,

1700-1830 II Breakout Session 4 II Room : Celebrity

Session Title: Maternal and Child Health: Knowledge, Risks, and Protections

Session Theme : Urban Health Care And Public Health Service Provision

1. Discovering Myths and Misconceptions Surrounding Post-Partum Hemorrhage in Urban Slums – Jane Otai, Jhpiego, Kenya
2. Self-efficacious Women Groups address Socio-economic, Environmental Determinants of Well-being – Siddharth Agarwal, Urban Health Resource Centre, India
3. Work, Motherhood and Health: Discourses on the Experiences of Nursing Mothers in Public Organization in Southwest Nigeria – Babatunde Omotosho, Federal University Oye Ekiti, Nigeria
4. Cross Border Migration enhancing Reproductive Morbidity of Left Behind Women in Bangladesh and their coping mechanism through Self help groups – Ankita Siddhanta, International Institute for Population Sciences, India
5. Increase Access to Primary Health Care through strengthening Urban Health Posts – Devendra Tripathi, FHI360, India

1700-1830 II Breakout Session 5 II Room : Harmony

Session Title: Reproductive Health And Family Planning: Demand Generation For Community Health Workers Panel One

Session Theme: Reproductive Health and Family Planning

1. Does Health Behavior of Urban Poor Depend on Where They Live – Slum, Non-Slum or Urban Areas – Dr. Kanta Jamil, USAID, Bangladesh
2. Challenges In Implementing Maternal, Neonatal and Child Health Project In Urban Slum Context – Bachera Aktar, BRAC, Bangladesh
3. Making Difference Through Use of Community Health Workers for Maternal, Neonatal and Child Health In Urban Settings: Experience From BRAC Manoshi Project In Urban Slums in Bangladesh – Shaymal Kumar Roy, BRAC, Bangladesh
4. Fertility Desire, Intention and Associated Factors Late in HIV Epidemic Among People Living With HIV: A Cross-Sectional Study in Hawassa City, Southern Ethiopia – Dr. Zewdu Dememew, MSH, Zimbabwe
5. Based Social Marketing On Reproductive and Child Health Commodities: Experience From Evaluating A Social Marketing Company Program – Afroja Yesmin, Eminence Associates for Social Development, Bangladesh- Empowering Women Through Community

1700-1830 II Breakout Session 6 II Room : Carnival

Session Title: Living Conditions, Access, Physical Activity and Interventions

Session Theme: Social and Economic Determinants of Urban Health Disparities

1. Living Conditions in Urban Slums: Are They Improving – Quamrun Nahar, ICDDR'B, Bangladesh
2. Physical and social environment associated with physical activity in the urban area of Colombo, Sri Lanka – Shreenika De Silva Weliangge, University of Colombo, Sri Lanka
3. An Analysis of association of health related behaviors among adolescents of rural and urban populations of Chittagong, Bangladesh – Momota Hena, Asian University for Women, Bangladesh
4. Understanding the Contribution of Parks and Green Spaces to Harare Residents Wellbeing – Vincent Itai Tanyanyiwa, Zimbabwe Open University, Zimbabwe
5. How many hours do urban people sleep in Bangladesh – Dr Fakir Yunus, BRAC, Bangladesh

1700-1830 II Breakout Session 7 II Room : Executive Lounge

Session Title: Water, Sanitation, and Hygiene: Health Impacts and Consequences

Session Theme: Social and Economic Determinants of Urban Health Disparities

1. Concentration profile of Formaldehyde in Fresh and Formalin Treated Fish and effect of temperature on its diffusivity – Sadat Amit, Bangladesh University of Engineering and Technology, Bangladesh
2. Urban health affected by lake water quality on adjacent slums of Dhaka city – Shahadat Hossain, Institute of Water Modelling (IWM), Bangladesh
3. Solid waste management in Srikakulam Municipality-A.P, India : Focus on Implementation of MSW – Kethavarapu Mythili, Government College for Women, Srikakulam, India
4. Assessment of urban air pollution and its impact on population health – a case study of Hyderabad, Telangana State, India – Yalavarthy Prameela Devi, Kakatiya University, India
5. Water Sanitation and Hygiene (WASH) in Health Facilities – Nitin Bajpai, Population Foundation India

1700-1830 II Special Session 4 II Room : Windy Town

Session Title: Children In Urban Agenda

Session Theme: Urban Health Care And Public Health Service provision

Chair: Louise Mvono, Deputy Representative, UNICEF

Sponsor: UNICEF, Bangladesh

1. Narrowing the gap– a life cycle approach to building a sustainable urban community – S.A. Abdullah Al Mamun, Unicef, Bangladesh
2. Potential of Mainstreaming Nutrition in Urban Health Services and Its Challenges – Brig Gen Md Mahbubur Rahman, Chief Health Officer, Dhaka South City Corporation  
Reaching the 5th Child: Addressing the challenges of Urban Immunization – Dr. Margub Aref Jahangir, UNICEF, Bangladesh

1700–1830 II Special Session 5 II Room : Media Bazar

Session Title: Business Case for Investing in SRHR

Session Theme: Urban Health Care and Public Health Service Provision

Chair: Khairul Islam, Country Representative, WaterAid, Bangladesh

Sponsor: Embassy of Sweden and Embassy of Netherlands

1. Return of investment : Experiences and Result of HER project Investing in SRHR in the RMG in Bangladesh
2. Investing in Social Benefit – ACME's partnership with Marie Stopes Bangladesh
3. Working for women Empowerment : Robi
4. Women's Empowerment : Privet Sector Experience Working with Development Organization – Hindustan Latex Ltd's Perspectives and Women's Benefits
5. Private Sector and Menstrual Hygiene : Making Society More Accessible of Women

1230–1530 and 1630–1830 II Poster Session Theme 1

## Day Two

0900–1030 II Plenary Session 3 II Room : Celebrity

Session Title: Actions on the Social Determinants

Theme: Socioeconomic and Environmental Determinants of Urban Health and Health Inequities

Chair: Alayne Adams, Senior Social Scientist, ICDDR'B

1. Hossain Zillur Rahman, Chairman, Power and Participation Research Centre (PPRC)  
*Blind Spots and Noise: Dilemmas and Burdens of being Poor in Bangladesh Cities*
2. Joyce Mumah, Associate Research Scientist, African Population and Health Research Center (APHRC)  
*Single Sector Approaches vs Multi Sector Approaches: Which "Actions" Work Best for Urban Community?*
3. Tim Evans, Senior Director, Health, Nutrition and Population. The World Bank. Washington DC  
*Harnessing Social Determinants for Urban Health: Is There Method in the Madness?*
4. Godelieve van Heteren, Director, Rotterdam Global Health Initiative, Erasmus University, The Netherlands  
*Actions that Hurt, Actions that Work, Actions that Make you Smile: About the Necessity of a New Political Economy & Activist Landscape in Urban Health*

1030–1100 II Tea Break

1100–1230 II Breakout Session 8 II Room : Celebrity

Session Title: Women's Access to and Utilization of Care

Session Theme: Urban Health Care and Public Health Service Provision

1. Opportunity to Improve Access to Institutional Delivery in Urban Maharashtra, India. Sarita Patil, Society for Nutrition Education and Health Action, India
2. Improving Quality and Access to Long Acting Reversible Contraceptive Services through Post Training Supportive Supervision. Ronke Atamewalen, Marie stopes International , Nigeria
3. Bangladesh Trends in equity in use of maternal health services in urban and rural Bangladesh Nahid Kamal, MEASURE Evaluation, University of North Carolina– Chapel Hill
4. Assessing access to family planning services for the urban poor in Bangladesh. Rumana Huque, ARK Foundation, Bangladesh
5. Women's Struggles In Accessing Facility Based Delivery Services In Two Nairobi Slums: A Qualitative Study. Eva Kamande, African Population and Health Research Center, Kenya

1100–1230 II Breakout Session 9 II Room : Windy Town

Session Title: Programmatic Interventions for Women's Health

Session Theme: Urban Health Care and Public Health Service Provision

1. Bridging the equity gap in MNCH services utilization in urban slums in Bangladesh: Experience from BRAC's urban slum-based intervention. Touhidul Islam, BRAC, Bangladesh

2. Impact of a cluster randomized trial study on sexual and reproductive health knowledge and practices of women and girls in urban slums of Dhaka, Bangladesh. Md. Irfan Hossain, Population Council, Bangladesh
3. India Examining socioeconomic gradient in caesarean section deliveries in urban context–Evidence from India. Praveen Kumar Pathak, Department of Geography, Delhi School of Economics, University of Delhi.
4. Determinants of Skilled Birth Attendance Use During Delivery Among Women Aged 15 – 49 Years In Arusha Region. Sia Msuya, Northern Tanzania
5. Community Conversations approach that attack false beliefs around FP. Aminata Diallo, Intrahealth, Senegal

1100–1230 II Breakout Session 10 II Room : Harmony

Session Title: Nutrition Attitudes, Beliefs and Practices

Session Theme: Urban Health Care and Public Health Service provision

1. Clustering of child under nutrition among urban poor in India. Harihar Sahoo, International Institute for Population Sciences, India
2. Adherence of malnourished clients to an outpatient therapeutic care program in a low income peri-urban setting. Fred Cornelius Werikhe, I Train and Evaluate Center (i-TEC), Uganda
3. Malnutrition and infant and young child feeding in informal settlements in Mumbai: findings from a census. Rijuta Sawant, Society for Nutrition, Education and Health Action, India
4. State Level Dietary Diversity and Child Undernutrition in Urban India: An Exploration using Multilevel Analysis. Kakoli Borkotoky, International Institute for Population Sciences (IIPS), Mumbai, India
5. Cost effectiveness of a community management of acute malnutrition in Mumbai slums, India. Sophie Goudet, Loughborough University, United Kingdom.

1100–1230 II Breakout Session 11 II Room : Executive Lounge

Session Title: Universal Health Coverage: Health Financing and Insurance

Session Theme: Urban Health Care and Public Health Service Provision

1. Collective Savings–Loans by Slum Women groups for Health, Education, Social Resilience. Neeraj Verma, Urban Health Resource Centre, India
2. Health Insurance and Health care utilization among Urban Poor of three cities in India. Ankita Siddhanta, International Institute for Population Sciences, India
3. Estimating Out-of-Pocket Expenditure on health care in urban poor living in the slums of Pune city, India. Gopal Kulkarni, Institute of Health Management, Pachod, India
4. Health care utilization in urban northern Ghana: Is the National Health Insurance scheme making a difference Philip Ayizem Dalinjong, Navrongo Health Research Centre, Ghana Health Service, Ghana
5. From policy corridors to the implementation arena: exploring RSBY national health insurance implementation in India. Amrit Virk, Thammasat University, Thailand

1100–1230 II Special Session 6 II Room : Carnival

Session Title: NGO Health Programs: Linking Community to Facility

Session Theme: Urban Health Care And Public Health Service Provision

Chair: Habibe Millat, MP. Member of the National Parliament.

Co-Chair: AKM Musha. Country Director. Concern Worldwide.

Sponsor: USAID/DFID

1. Halida Hanum Akhter, COP– NHSDP and Country Representative, Pathfinder International
2. Kaosar Afsana, Director, BRAC Health Program, BRAC
3. Reena Yasmin, Sr. Director– Service, Marie Stopes Bangladesh

1100–1230 II Special Session 7 II Room : Media Bazar

Session Title: Breaking Taboos Generating Knowledge: Media and SRR

Session Theme: Urban Health Care And Public Health Service Provision

Chair: Roger–Mark De Souza, Director, Population, Environmental Security, and Resilience, Wilson Center, USA

Sponsor: Embassy of Sweden and Embassy of Netherlands

1. Digital Sister to Urban Youth ; Maya Apa
2. Share–Net Bangladesh; Online Resources and Knowledge for Professionals
3. Dosh Unisher Mor; A New Generation Under Construction
4. Teaching through The Computer; Me and My World
5. The Role of Printing Media in SRHR

1100–1230 II Workshop 1: NIH Research Funding

1230-1330 II Lunch Break

1330-1500 II Plenary Session Four II Room : Celebrity

Session Title: Urban Health Care Services Provisions

Theme: Socioeconomic and Environmental Determinants of Urban Health and Health Inequities

Chair: Sabina F. Rashid, Dean, James P Grant School of Public Health at BRAC University.

1. Lynn Freedman, Professor, Columbia University  
*Young Mothers, Urban Mothers and Maternal Health Care Service Delivery*
2. Nam H. Cho, Department of Preventive Medicine and Center for Clinical Epidemiology, Ajou University  
School of Medicine and Hospital  
*Demographic Transition and NCDs and Interventions: What worked or didn't - Lessons Learnt*
3. Clea Therese Finkle, Program Officer, Family Health at Bill & Melinda Gates Foundation  
*Urban Poor and Family Planning Experiences and Service Delivery?*
4. Kristy Woods, Physician Advisor, Executive Health Resources

1500-1530 II Tea Break

1530-1700 II Breakout Session 12 II Room : Harmony

Session Title: Reproductive Health and Family Planning: Demand Generation for Community Health Workers Panel Two

Session Theme: Reproductive Health and Family Planning

1. Increasing Utilization of Health Facilities for Reproductive and Maternity Services in Urban Informal Settlements Through Strengthened Public-Private Partnerships: Preliminary Results From An Intervention. Pauline Bakibinga, African Population and Health Research Center, Kenya-
2. Internal Quality of Audit of Family Planning Services In A Social Franchise. Divine Akpan, Society for Family Health, Nigeria
3. Out-of-Pocket Health Expenditure on Facility-Based Maternity Care Among Women Living in Urban Slums of Rajathan, India. Divya Vyas, Indian Institute of Health Management Research (IIHMR), India
4. Socioeconomic Inequalities in use of Modern Contraceptive Methods Among Pakistani Urban Population: Findings From Demographic and Health Surveys. Kashif Shafique, Dow University of Health Sciences, Pakistan
5. Maternal Health Disparities Among Women In Urban Nepal. Bikesh Bajracharya, Nepali German Health Sector Support Programme, Nepal

1530-1700 II Breakout Session 13 II Room : Carnival

Session Title: Under Nutrition and Over Nutrition: Causes and Consequences

Session Theme: Urban Health Care and Public Health Service provision

1. Dual Forms of Malnutrition in Urban Slum Households in Delhi. Seema Puri, Institute of Home Economics, India
2. Increase in Food Secure Households and Intra-Urban Differentials in Dietary Diversity in India. Kakoli Borkotoky, International Institute for Population Sciences (IIPS), Mumbai, India
3. Infant and Young Child Feeding Practices in Urban Slum of Bangladesh. Ruhina Binta A Ghani, BRAC, Bangladesh
4. Enhancing safety of street food by capacity building in Good Hygiene Practices (GHP) in Khulna. Lalita Bhattacharjee, Food and Agriculture Organization of the United Nations, Bangladesh-
5. Under Nutrition and Feed Practices Among Children Living In Slums of Urban Bangladesh. Karar Ahsan, University of North Carolina at Chapel Hill, Bangladesh

1530-1700 II Breakout Session 14 II Room : Windy Town

Session Title: The Health and Wellbeing of Children Living in Urban Environments

Session Theme: Social and Economic Determinants of Urban Health Disparities

1. Urban Neighborhood Context and Infant mortality in High focus States of India. Ashish Kumar Gupta, International Institute for Population Sciences, India
2. Knowledge of mother on valid and invalid immunization having under 1 year children in selected urban primary health care clinics of Dhaka North City Corporation (DNCC). Mahmuda Ali, Dhaka North City Corporation, Bangladesh

3. Child Health in Slum and Non Slum Areas of Urban India: does living environment matters. Kaushlendra Kumar, Evidence Action, India
4. Impact of household environment and location of the slum on child health across four cities in India. Sumoni Mukherjee, Population Foundation of India, India

1530-1700 II Breakout Session 15 II Room : Executive Lounge

Session Title: Health Services Delivery and Utilization

Session Theme: Urban Health Care and Public Health Service provision

1. And what about men? Care seeking behavior among the urban poor in Bangladesh. Syed Jafar Raza Rizvi, ICDDR'B, Bangladesh
2. Promoting safe maternal, newborn and child health practices in urban slums in Bangladesh. Sadia Shabnam, BRAC, Bangladesh
3. Coverage Gap and its covariates in MCH services for Urban India in Count Down to 2015. Praveen Chokhandre, International Institute for Population Sciences, Mumbai, India
4. Youth Choose Family Planning: a look at the International Youth Alliance for Family Planning (IYAFP) creation and progress. Jillian Gedeon, International Youth Alliance for Family Planning, Canada
5. Mental health and disability in Urbanization. Atsuro Tsutsumi, UNU-IIGH, Malaysia.

1530-1700 II Special Session 8 II Room : Celebrity

Session Title: Success and Challenges of Primary Health Care Service Delivery in the urban areas of Bangladesh

Session Theme: Urban Health Care And Public Health Service Provision

Chair: Dhiraj Kumar Nath, Staff Consultant, ADB-BRM

Sponsor: UPHCSDP

#### Presenters

1. Services to the poor: Experiences of Urban Primary Health Care Project in Bangladesh – Abu Bakr Siddique, Project Director
2. Role of NGOs in Delivery of Health Care Services in Urban Areas of Bangladesh – Halida Hanum Akter, Chief of Party , NHSDP
3. Primary Health Care in Urban Areas: Experience of BRAC – Kaoser Afsana, Director, BRAC Health Program

#### Panelist

1. Rafiqus Sultan, Project Technical Officer, UNFPA
2. Brian Chin, Social Sector Economist, South Asia Human and Social Development Division, ADB
3. Kamrul Islam, Director, Primary Health Care, Directorate of Health Services, Ministry of Health & Family Welfare, Bangladesh,
4. Ahmed Al Kabir, Chairman, RTM International

1530-1700 II Special Session 9 II Room: Media Bazar

Session Title: Sexual and Reproductive Health and Rights Beyond 2015

Session Theme: Urban Health Care and Public Health Service Provision

Chair: Sarah Thompson, Senior Policy Advisor, SIDA

Sponsor: Embassy of Sweden and Embassy of Netherland

1. Argentina Matavel Piccin, Country Representative of UNFPA, Bangladesh
2. Mohammed Sharif, Line Director, Maternal, Child, Reproductive and Adolescent Health, Directorate General of Family Planning
3. Leo Kenny, Country Coordinator, UNAIDS
4. Lynn Freedman, Professor, Columbia University
5. Dhiraj Kumar Nath, Staff Consultant, Urban Health, Asian Development Bank
6. Shale Ahmed, Executive Director, Bondhu Welfare Society

1530-1700 International Society for Urban Health (ISUH) Meeting

1100-1230 and 1530-1700 II Poster Session Theme 2

Day Three

0800-0900 II Dhaka Statement Finalization Meeting

0900-1030 II Breakout Session 16 II Room : Carnival

Session Title: Reproductive Health and Family Planning: Provider Training and Counseling Panel One

Session Theme: Reproductive Health and Family Planning

1. Improving Access to Family Planning Services in Poor Urban Settings: The Role of Private Non-Clinical Providers – Adetoke Akinbami, Nigeria
2. A Systematic Analysis of DHS Data Provides Level Trends and Socioeconomic As Well As Demographic Determinants of Caesarean Section Delivery in India And Its Most Backward States – Ajay Gupta, International Institute for Population Sciences, India
3. Qualitative Examination of Antenatal and Delivery Care In Urban Slums, Bangladesh – Lauren Blum, Measure Evaluation, United States
4. Disrespect and Abuse of Women at Childbirth as a Barrier to the Utilization of Skilled Delivery Services in Nigeria: A Systematic Review of the Literature – Foluso Ishola, Japanese International Cooperation Agency, Nigeria
5. Impact Assessment of Family Planning Advice on Unmet Need and Contraceptive Use Among Currently Married Women In Uttar Pradesh, India – Diwakar Yadav, Population Services International, India

0900-1030 II Breakout Session 17 II Room : Windy Town

Session Title: Reproductive Health And Family Planning: Provider Training And Counseling Panel Two

Session Theme: Reproductive Health and Family Planning

1. Cognitive Correlates and Contraceptives Discontinuation In Benue State, Nigeria – Ali Arazeem Abdullahi, University of Ilorin, Nigeria– Socio
2. Epidemiology of Caesarean Section Operation Cases: A Multi-Centered Hospital Based Cross-Sectional Study In A Suburb Area Within The Proximity of Dhaka Metropolitan City, Bangladesh – Shamsun Nahar, BRAC, Bangladesh–
3. Determinants of Infertility and Treatment-Seeking Behaviour in India – Ramesh Chellan, UNICEF-PHDMA, India
4. Partograph Use Among Midwives in The Gambia – Burama Badjie, Ministry of Health & Social Welfare, Gambia
5. Uptake of Immediate Postpartum Contraceptive Implant in Moi Teaching and Referral Hospital Eldoret, Kenya – Richard Mogeni Moi, Teaching and Referral Hospital, Kenya

0900-1030 II Breakout Session 18 II Room : Executive Lounge

Session Title: Public-Private Partnerships for Universal Health Coverage

Session Theme: Urban Health Care and Public Health Service Provision

1. Engaging private sector providers around universal health coverage in urban areas: a qualitative study in three cities in Bangladesh – Alayne Adams, ICDDR,B, Bangladesh
2. Increasing Utilization of Health Facilities for Maternity Services in Urban Informal Settlements through Strengthened Public-Private Partnership – Pauline Bakibinga, African Population and Health Research Center, Kenya
3. Increasing Essential Newborn Care Services through the Smiling Sun Network of Community Service Providers – Israt Nayer, NGO Health Service Delivery Project, Bangladesh
4. Private Sector Distribution of Family Planning: The Role of Drug Shops in Urban Kenya and Nigeria– John Otsola, IntraHealth/MLE, Kenya
5. Increase in Family Planning (FP) Services through Private Sector Partnership in Urban Areas – Rajni Wadhwa, FHI360-Urban Health Initiative, India

0900-1030 II Breakout Session 19 II Room : Celebrity

Session Title: Metrics for Programme Monitoring & Evaluation

Session Theme: Measuring and Mapping

1. Rocco Panciera, ICDDR,B, Bangladesh–The impact of travel time on Emergency Obstetric Care access among the urban poor: A GIS study in Bangladesh
2. Mohammad Golam Kibria, Management Sciences for Health (MSH) Bangladesh– Use of a Web-enabled Logistics Information System that Visualizes Data from Reproductive Health Service Delivery Points in Bangladesh: Initial Experience and Opportunities for Improved Decision-Making
3. Ruman M Zakaria Salam, ICDDR,B, Bangladesh– Inefficiency of healthcare referral patterns in Bangladesh urban areas: a GIS study
4. Anuja Jayaraman, Society for Nutrition, Education & Health Action (SNEHA), India– Use of Mobile Technology for Improving Screening Accuracy of Acute Malnutrition in a Community-based Management of Acute Malnutrition Program in Mumbai informal settlements

5. Brian Chin, Asian Development Bank, Philippines– Measuring the Impact of the Second Urban Primary Health Care Project in Bangladesh

0900–1030 II Special Session 10 II Room: Harmony

Session Title: Designing Household Surveys that Capture the Health and Socio–Demographic Status and Needs of the Urban Poor

Session Theme: Measuring and Mapping

Chair: Helen Elsey, Lecturer, University of Leeds

Sponsor: University of Leeds, UK

1. Challenges and limitations of existing, large nationally representative surveys in identifying the needs of the urban poor – Sushil Baral and Ru–yiLin, HERD, Nepal and Ru–yiLin ARK, Bangladesh
2. Sampling strategies to identify and recruit the urban poorest: Defining a household in the context of urban vulnerability/poverty, sampling strategies to identify and recruit the urban poor, Urban health equity assessment – Siddharth Agarwal, Urban Health Resource Centre, India
3. Using innovative sampling and enumeration methods to measure demographic and health outcomes in the urban poor – Dana Thomson, Department of Global Health and Social Medicine, Harvard Medical School
4. The Nepal experience of using spatial mapping in an urban household survey – Uden Maharjan, HERD, Nepal
5. Brigadier General Shamsul Islam, Khulna Development Authority, Bangladesh

0900–1030 II Special Session 11 II Room: Media Bazar

Session Title: Improving Coverage of Maternal and Newborn Interventions for Urban Poor

Session Theme: Urban Health Care and Public Health Service Provision

Chair: Ishtiaq Mannan, Chief of Party, MCHIP, Save the Children

Sponsor: Save the Children, Bangladesh

1. MNH Disparities Among the Urban Poor – Uzma Syed, Save the Children, USA
2. Partnering to improve newborn survival and address challenges: the Bangladesh strategy –Arefin Amal Islam, Save the Children, Bangladesh
3. Integrating MNH in Large–Scale Urban Programs – Parvin Rahman, Marie Stopes, Bangladesh
4. Advancing MNH In Urban Settings: India’s Initiatives – Benazir Patil, Save the Children, India

1030–1100 II Tea Break

1100–1230 II Plenary Session Five– Measuring Mapping II Room : Celebrity

Session Title: Measuring, Mapping and Monitoring Urban Health

Theme: Measuring, Mapping and Monitoring Urban Health

Chair: Peter Kim Streatfield, ICDDR'B

5. Nazrul Islam, Centre for urban studies, Bangladesh
6. Mark Rosenberg, Canada Research Chair in Development Studies  
*Challenging Social Justice, Syndromic Surveillance and Mapping in an Urban World*
7. Alex Ezeh, African Population and Health Research Center (APHRC)  
*A decade and half of health surveillance in urban informal settlements in Nairobi, Kenya: Emerging results and their implications for advancing global health agenda*
8. Sian Curtis Measure Evaluation, University of North Caroline  
*Measurement Issues for Surveys for Monitoring and Evaluating Health Interventions and Outcomes in Urban Areas*

1230–1330 II Lunch Break

1330–1500 II Breakout Session 20 II Room : Windy Town

Session Title: Child and Adolescent Health Risks and Susceptibility

Session Theme: Social and Economic Determinants of Urban Health Disparities

1. Migrant adolescent girls in urban slums of India – Shabnam Verma, Urban Health Resource Centre, India
2. Individual factors, relation factors and service use related with resilience among youth 13 to 19 years old in urban area of Medellin, 2012 – Alexandra Restrepo, University of Antioquia, Colombia
3. Peer pressure and family smoking habits influence smoking uptake in male adolescents attending public and private schools in Karachi, Pakistan: multilevel modeling of survey data – Shafquat Rozi, Aga Khan University, Pakistan

4. Impact of environmental determinants on obesity among urban poor children in a megacity of Pakistan – Hina Aziz, Dow University of Health Sciences, Pakistan
5. Reviewing programs and interventions addressing sexual and reproductive health of adolescent girls and young women in urban Bangladesh – Sigma Ainul, Population Council, Bangladesh

1330-1500 II Breakout Session 21 II Room : Harmony

Session Title: Reproductive Health and Family Planning: Addressing Needs and Improving Responsiveness in Health Services

Session Theme: Reproductive Health and Family Planning

1. Institutional Strengthening of Maternity Centers for Improved Cervical Cancer Response in Nigeria Slums – Taiwo Adesoba, Youth Society on Cancer, Nigeria
2. Women In the Slums Have Performed Well In Reproductive Health But Unmet Needs Remain: Findings From the 2013 Urban Health Survey in Bangladesh – Mizanur Rahman, University of North Carolina at Chapel Hill, Bangladesh
3. Influence of Community Health Workers on Health Behavior of Urban Poor– Kanta Jamil, USAID, Bangladesh
